Professional's Choice SMx Air Ride Saddle Pads now in Felt Bottoms

This month, Professional's Choice is very excited to announce new SMx Air Ride Saddle Pads available for the first time with felt bottoms! Both Comfort-Fit Air Ride and standard SMx Air Ride pads will be offered in new patterns with natural felt bottoms that are designed to prevent slippage and absorb sweat.

SMx Air Ride Saddle Pads feature two panels of the same shock absorbing material found in the protective padding of professional athletes, including football and soccer players. This material, chosen for its extreme energy absorption and breathability keep the user protected from negative impact and increase air flow to the skin, resulting in lowered body temperatures and a higher threshold for fatigue.

Right now take a new Professional's Choice felt-bottomed pad for a test ride with a **free 60-day trial!**
