

An American Company That Sets A World Standard 

Did *you* know?

During the height of show season we put a lot of miles not only on our horses, but our trailers too. Just as we get ready for each show by schooling, it's necessary to make sure that we prepare for the journey itself as well. To make sure your trip goes off without a hitch, Professional's Choice has put together a list of items that you should never hit the road without.

Trailer Essentials

VenTECH Standing Wraps – The VenTECH Standing Wraps are a great option for keeping your horse's legs protected when trailering. The plush poly fleece bandage combined with a breathable VenTECH lining is applied in one piece. The VenTECH ventilated limestone-based neoprene conforms to your horse, allowing heat and moisture to escape while providing protection and support. These wraps are easy to apply and help prevent uneven pressure distribution that can result from traditional standing wraps.

Retractable Cones – Cones are more than just a training tool - they are a necessary safety measure. Cones have long since been used in the arena to help with training and improving geometry, but also in the truck or trailer as a roadside safety tool in the case of breakdowns. The Professional's Choice Retractable Cone is the latest evolution of the standard safety cone. Made of lightweight nylon and completely retractable these cones not only are perfect for storage but also have the unique feature of adjustable height. This way they can be made smaller for arena use and larger for roadside situations that require heightened visibility.

Hay Bags – Hay bags are a must for any traveling equine. Easily hung from numerous places including the outside of trailers, hay bags make feeding your horse on the go, simple. When choosing a hay bag for your horse there are several features to look for. Top loading hay bags with large openings make them easy to fill and a mesh bottom is ideal so that dirt and debris can fall through allowing the hay to remain fresh.

Professional's Choice carries a wide range of hay bags designed to make feeding easy and safe for your horse.
