THE BEST RIDERS... COME PREPARED.

Get the latest trail riding essentials by
Professional's Choice for the ultimate ride.

VenTECH™ Ballistic Boot

Made with durable top grain leather patches, Ballistic™ nylon outer shell, and lycra binding provide protection to vital areas of the horse's leg. These boots are especially tough and able to endure rigorous wear from trail riding. The UltraShock™ lining gives your horse added protection from impact and interference while the porous VenTECH™ lining breathes so that your horse doesn't overheat from long hours of use. Available in a variety of colors.

◀ Saddle Bags

Saddle bags are made of closed-cell, limestone-based neoprene that prevents cracks, offers all-way stretch, insulates hot or cold, and won't sweat or leak. Best of all, it keeps drinks ice cold for hours! Both the front and rear bags feature reinforced seams to provide strength and zippered tops to keep the bags securely closed.

Comfort-Fit™ SMx H.D. Air Ride™ Pad: Alpine Pattern

The Premium Comfort-Fit™ Western Pad is the ultimate trail ride necessity. Using our patented Air Ride technology the Premium Comfort-Fit distributes pressure away from the source and resists compression. The pad is hand woven in one piece to conform to the horse's back, eliminating the need for cuts, seams and re-stitching. The result is a more streamlined pad that bends with the horse's natural gait so the saddle never slips from the heavy activity of trail.

FREE 60-day trial applies to all SMx H.D. Air Ride™ Pads.
