

# Take the hurt out of the hit.

Even the best roping horse won't stay working if they hurt. Don't let the pain from ill fitting saddles or worn out saddle pads keep your horse from performing at its best.

The Comfort-Fit® Air Ride™ Saddle pad is designed specifically with the team roper in mind. The blanket-top, insert, and merino wool are contoured to follow the natural curve of your horse's back. Your Saddle will stay locked in place to minimize rolling and slipping. The breathable Air Ride core absorbs the shock of the hit, allows your horse's back to breath, and prevents painful pressure points so your horse stays comfortable and working.

Blaine Linaweaver | 4 time NFR Qualifier

Plush merino wool  
wicks away sweat  
and moisture

Heavy duty 3/4" core  
is proven to greatly  
absorb shock

Breathable core allows air  
flow to the horse's back

Seamlessly hand-woven  
blanket-top is curved to  
fit the horse's back and  
prevent slippage

The world's most  
comfortable saddle pad.

The more comfortable the horse, the better the performance.
