

# Get Comfortable.

Do it for your horse.

The more comfortable the horse, the better the performance.

## SMx H.D. Air Ride™ Western Saddle Pad

Designed to create a smoother ride for both horse and rider, the breathable lattice of shock absorbing material disperses pressure evenly throughout the pad while resisting breakdown so you and your horse can be comfortable for years.

## VenTECH™ Elite Sports Medicine Boot

Created to provide relief to your horse during the stress of performance riding, these are the only boots scientifically proven to support and balance the entire suspensory system of the horse.
